## Data Collection Calendars

**2018-2019  
Academic Year**

---

## 1. Overview

The Maryland Longitudinal Data System (MLDS) Center collects submissions from each of its partner agencies throughout the academic year. This document provides a comprehensive timeline of the files submitted to the MLDS Center by partner agencies and an accountability process if files are not received within the approved calendar. MLDS Center partner agencies include:

- Maryland State Department of Education (MSDE);
- Maryland Higher Education Commission (MHEC);
- Department of Labor, Licensing and Regulation (DLLR);
- Maryland Department of Motor Vehicles (MVA).

The calendar is revised annually through the Data Governance Advisory Board (Data GAB), to allow partner agencies to align the Calendar to their unique needs.

The MLDS Center staff appreciates the continued collaboration of staff at all our partner agencies and the Data Governance Advisory Board members.

## 2. Data Calendar Steps

Each submission in the Data Collection Calendar includes a number of steps that are part of the entire process. Each of those steps and the approximate time for completion of that step are detailed below. The specified time periods may be adjusted to accommodate agency needs and priorities.

### 1. Agency Data Verification Complete

Each agency has a collection and verification process that must be completed by the date established for this step. This date is set by the individual agencies, and is used as a benchmark to set the dates for subsequent steps.

### 2. MLDS Center Collection Window

This step represents the entire collection window for partner agencies to provide data to the Center. The subsequent steps are encompassed within the collection window. The window begins approximately 2 weeks after the Agency Data Verification due date and lasts approximately 60 days.

### 3. Data Submission and Feedback Period

As files are submitted, the Center provides feedback to the agency on data issues. This may include identity matching issues, data verification concerns, and general checks of the data as it is loaded into the System. This period allows the Center to work with the agency on data related issues. This period lasts approximately 45 days.

### 4. Comment Window

This window allows the Center and the agency to document any data anomalies discovered in the Data Submission and Feedback Period. This process lasts approximately 15 days.

### 5. Completion Date

The date all data are submitted to the Center and loaded into the system.

### 3. Accountability Process

Detailed below is the process implemented when files are not received within the timeline established in the Data Collection Calendar. The goal of this accountability process is to inform all data sharing partners of the process and create a uniform policy for handling late data submissions. This process was developed in partnership with MLDS Center partner agencies through the Data Governance Advisory Board.

**1. Phone Call**

One week after the established due date, MLDS Center Staff will contact the Data Owner, Data Steward, and/or Data Custodians at the partner agency.

**2. Email**

Two weeks after the established due date, MLDS Center Staff will contact the Data Owner, Data Steward, and/or Data Custodians at the partner agency.

**3. Email of Notification to Agency Head**

Three weeks after the established deadline, MLDS Center Staff will inform the Data Owner, Data Steward, and/or Data Custodians at the partner agency that a letter will be sent to the agency head of the partner agency.

**4. Notification to Agency Head**

Four weeks after the established deadline, a letter from MLDS Center Executive Director will be sent to the agency head of the partner agency. The letter will include dates from the established Data Collection Calendar, and a summary of steps 1-3.

**5. Notification to Governing Board**

After the completion of step 4, the Governing Board will be notified in the next Monthly Report to the Governing Board.

#### Request for Extension

In recognition of the many demands and competing priorities of the partner agencies, MLDS Center will work with agencies to establish an extension of the deadline to submit the required files. Once a new deadline has been established, the above notification process will be halted. If the extended deadline is not met, the notification process begins with Step 4. Except in cases of extreme hardship, deadlines will not be extended beyond two weeks.

### 4. Collections in Development

MLDS Center partner agencies continuously review the data they collect to ensure the needs of the agencies are met. The cycle from implementation to collection is long and varied. As part of the collection development cycle, MLDS Center partner agencies will include information on the “Collections Under Development” in their Data Collection Calendars. This ensures that stakeholders are aware of the data that will be provided to the MLDS Center, without placing unreasonable restraints on our partner agencies to deliver data that may not meet the agency’s data quality standards.
